Dear Parents, Guardians and Stakeholders:

Today we heard from Governor Baker regarding the phased roll out for the Commonwealth. While the phased approach gives information as to how we will be opening back up, there are many details that need to be coordinated to ensure we are doing so safely.

The staff continue to provide front-line services with commitment to mission. As our team has been doing for months, we will continue to provide supports to your loved ones in as safe and effective manner as possible in the weeks and months to come. Today our Pandemic Response Team discussed the main points the Governor has shared with the public and what protocols and procedures we need to put into place in the next few days and weeks to comply with mandates. We have begun brainstorming what day and school programming will look like as well as in-home and center-based services. ***As we move forward through these phases, we appreciate your continued support and patience as we keep you informed of what our plans are.*** While timelines have been laid out by the state, again, ***we need to make sure we have protocols and plans in place to ensure we are ready to open our programs in a safe manner.***

With protective gear and masks still required in settings where the 6-foot social distancing rules cannot be followed, we will continue to need N95 and KN95 masks for our staff and individuals. We also continue to need essential items such as toilet paper, paper towels, microfiber cloths, antibacterial hand soap, and cleaning supplies. We are grateful for the donations and leads we have received so far, thank you for your support.

We look forward to meeting with you at our weekly ZOOM call. We will not have any guest speakers this week as there will be a lot to discuss with you. The access information for the call is listed below.

Thank you,

President and Chief Executive Officer
