November 23, 2020

Dear Families and Stakeholders:

With the number of positive cases rising throughout Massachusetts and the country we are also seeing an increase in cases at Amego. Out of an abundance of caution, effective immediately, we will be suspending our Adult Day Habilitation and Vocational Programs for both our Attleboro and Northboro locations. We will continue to provide updates on expected dates for fully reopening our Adult Day and Vocational Programs later this week.

As discussed last week, we have been assessing visitation for Thanksgiving on a daily basis. Given our current statistics, and again out of an abundance of caution, we will not be supporting visitation to family's homes for the holiday unless your loved one has tested positive for COVID-19 in the past three months and is out of isolation. If you decide to bring your loved one home for Thanksgiving and they have not tested positive for COVID-19 in the past 90 days, you will be expected to keep your child home with you for at least 14 days. Their stay with you could possibly be longer if their residence encounters exposures of positive cases or other members of the residence test positive. ***Please be aware that your loved one could be home with you for an extended time period, possibly longer than 14 days.***

As of today, our day school program continues to be open for our day-only students.

If there are any additional updates in the next few days, we will get them out to you.

Please forward any questions/issues that you may have to Contact@AmegoInc.org.

Thank you,

John Randall
President and Chief Executive Officer
