

March 26, 2021

**VISITATION PROCESSES REVISED – *RESIDENTS AND/OR VISITORS WHO ARE *NOT* FULLY VACCINATED
RESIDENTS & VISITORS IN ADULT AND CHILDREN’S PROGRAMS WHO ARE *NOT* FULLY VACCINATED**

Process effective March 29, 2021, requests for visits with residents who are not fully vaccinated as defined by: 2 weeks after 2nd dose of Pfizer or Moderna Vaccine or 2 weeks after single dose of Johnson & Johnson Vaccine:

- Off-site visits should be requested to: ‘Contact@amegoinc.org’.
 - o Visit requests should include: the individual’s name, the plans for the visit, the home the resident lives in, and the visitation dates.
 - o Visits will be supported so long as the home or a resident in the home is not in isolation or quarantine protocols for COVID-19.
 - o Only members of the immediate household will be included in these visits.
 - o Indoor community outings will not typically be supported for residents who have not been vaccinated.
 - o [Attestation forms](#) will need to be completed **prior to and upon return** from each visit and should be dropped off at the home when picking up / dropping off the resident.
 - o When dropping off the resident, questions will be asked regarding any additional contacts during the visit.
 - o If the resident becomes symptomatic while on an off-site visit, they will be expected to remain offsite for 10 days or return with a negative test result (Amego will supply a test if requested).

- On-Site visits should be requested directly with program management (Program Coordinators, Program Directors, or Vice Presidents). There is no need to submit request to ‘Contact@amegoinc.org’.
 - o Amego will continue to provide space for on-site visits.
 - o Two visitors are permitted per resident during the visit.
 - o Only one resident per home will have visitors at a given time (there will not be multiple families visiting at the same time).
 - o Wearing masks, social distancing, and other safety protocols must be followed during the on-site visit.
 - o On-Site Visits will typically be limited to 90 minutes.

Visits will be supported in a space that minimizes visitor impact on program space and routines.

In-Bedroom visits will not be supported.

If a home goes into quarantine status or an individual in the home is in isolation for positive or presumed-positive COVID-19 diagnosis, ON-SITE VISITATION IS SUSPENDED FOR ALL RESIDENTS.

****WE ARE USING THE WORD ‘RESIDENT’ TO BE CONSISTENT WITH GUIDANCE FROM THE EXECUTIVE OFFICE OF HEALTH AND HUMAN SERVICES.***
